I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The compounded medication
that I have used for the past
five years has totally changed my life
I was a very depressed & miserable until
I started receiving the hormone
medication that was prescribed for my
individual needs. I have felt like a different
person. The Women's Health Care provides
the medication that I couldn't get at
a local pharmacy-
